Dryad QD projects are dominated by Scientific Research & Development (N/72), reflecting the repository's academic focus. Agriculture (A/01) appears due to Dryad's strong life-sciences user base.

FSD Finland — QDA Projects

Top Classes (Rank-Ordered)

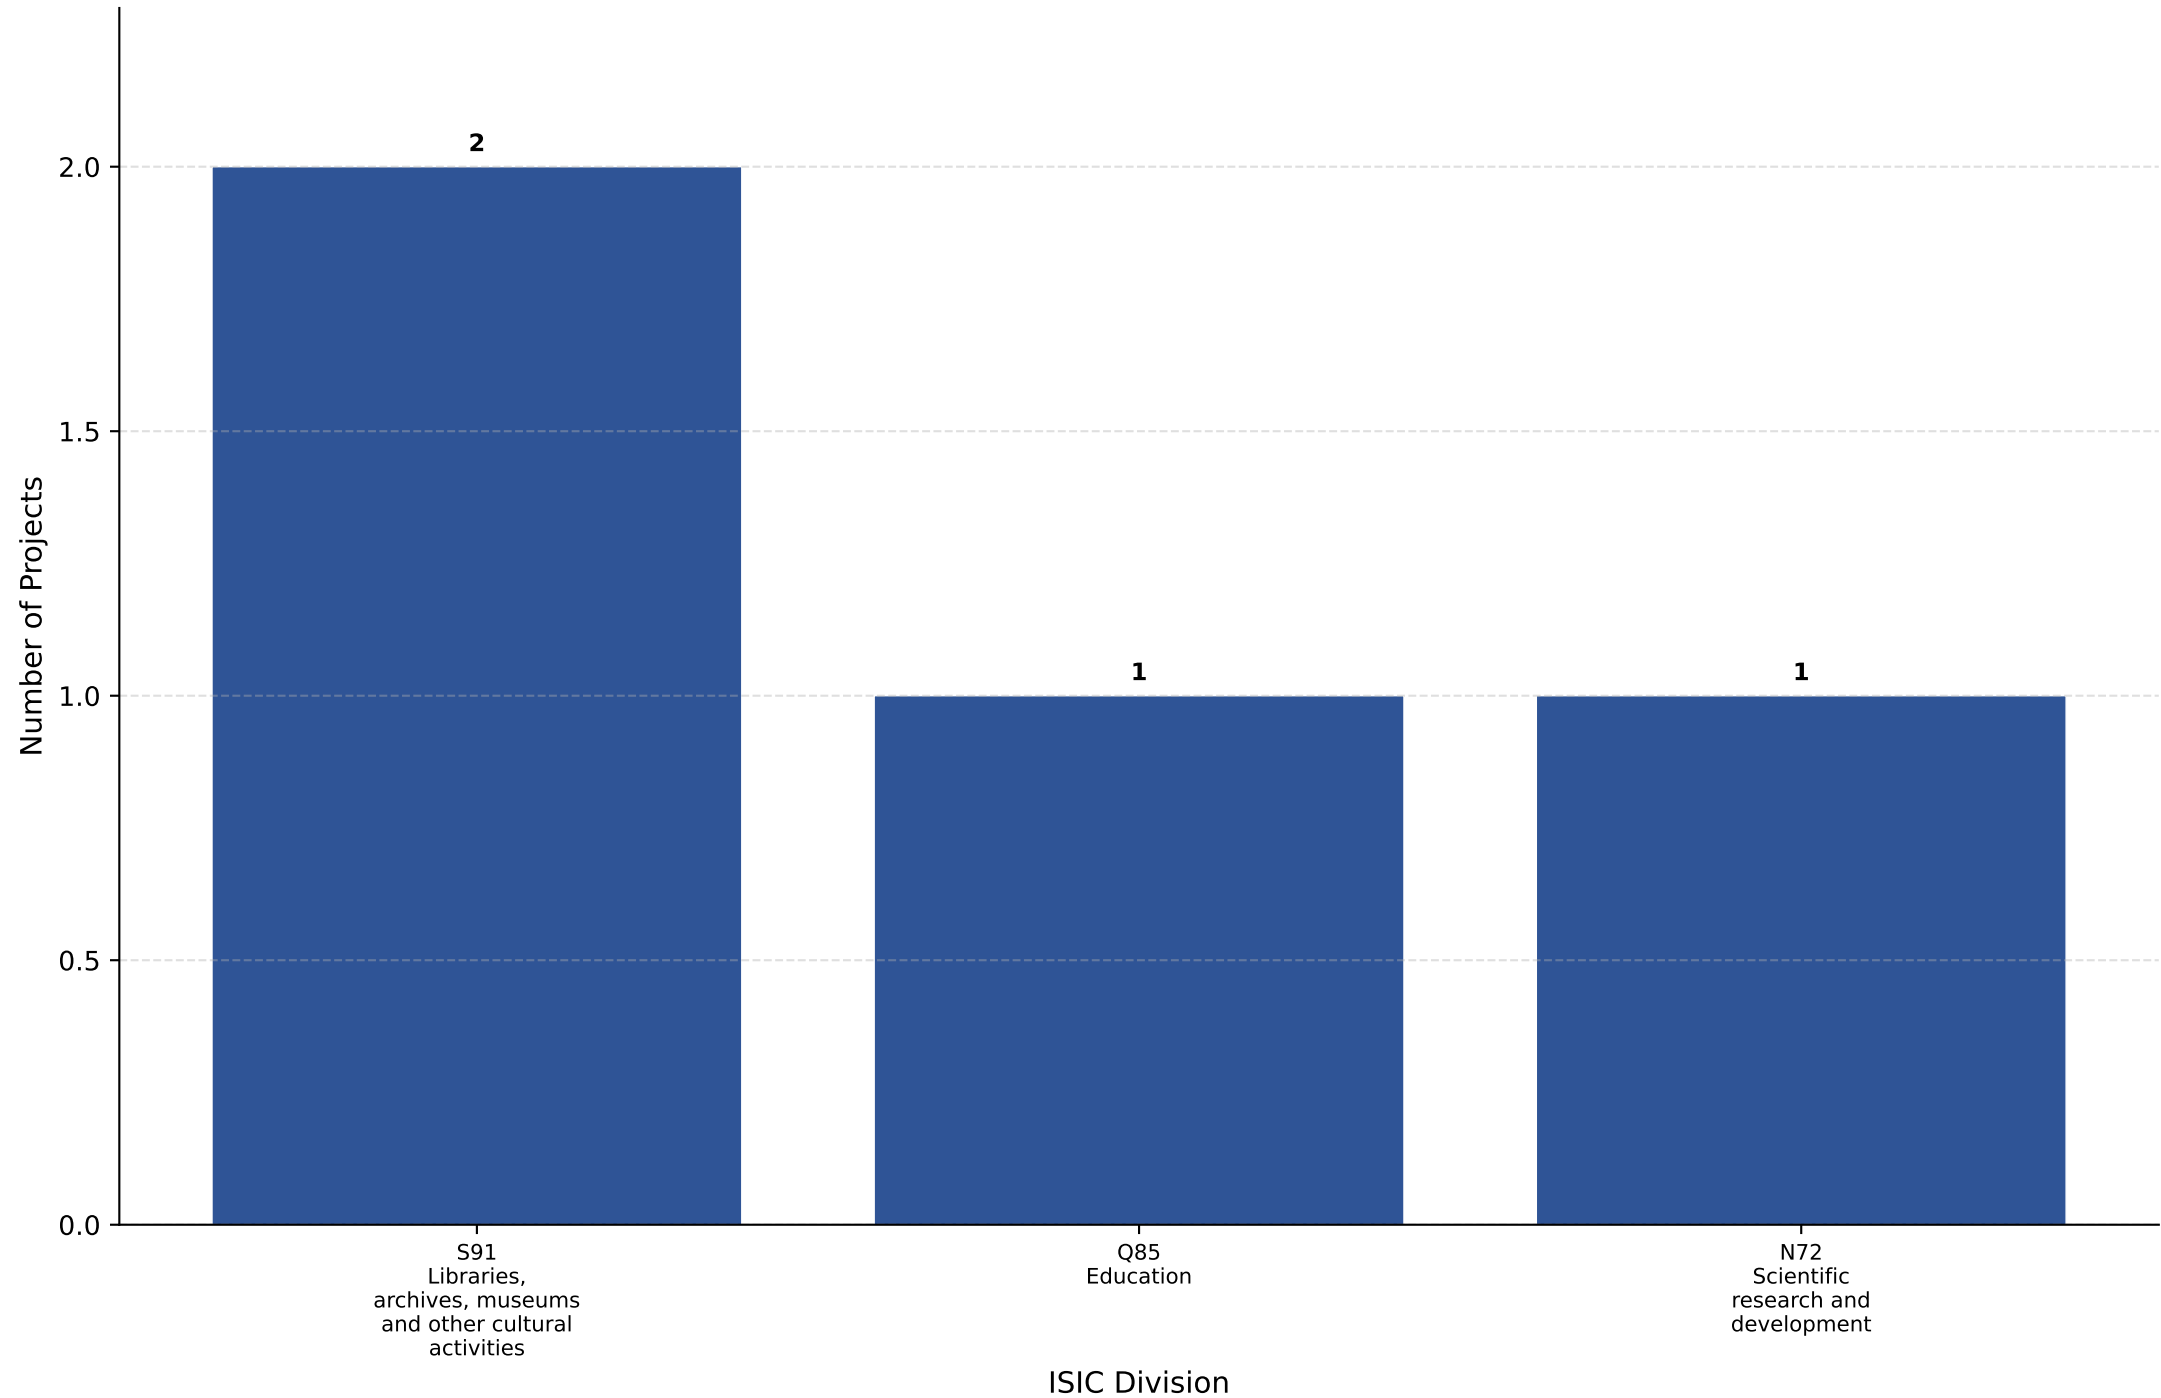

No data for this distribution.

Comments:

No QDA projects (files with QDA-specific extensions) were found in the FSD Finland catalogue. FSD distributes data in DDI-C XML format, which is a metadata standard rather than a QDA analysis file, so all FSD projects are classified as QD_PROJECT or OTHER.

FSD Finland — QD Projects

ISIC Division Distribution

FSD Finland — QD Projects
Top Classes (Rank-Ordered)

Rank	Code	ISIC Division Name	Count
1	S91	Libraries, archives, museums and other cultural activities	2
2	Q85	Education	1

Comments:
FSD Finland's QD projects are concentrated in Social Work Activities Without Accommodation (R/88) and Human Health Activities (R/86), reflecting Finland's strong tradition of social science and welfare research. Education (Q/85) also features prominently. The narrow distribution compared to Dryad indicates FSD's focused qualitative social science mandate.
